

WHSS MISSION, VISION & CORE VALUES

This document captures the framework on which the values of WHSS are built upon. The document explores the Mission and Vision of WHSS along with the core value framework: The EDS model. This is the guiding beacon behind all activities at WHSS.

Edition: Version 2, June 2023

MISSION & VISION

Continuous improvement is the mantra with which WHSS operates. However, there are a lot of building blocks which help us in delivering on our promises. The Ethos Ecosystem at WHSS comprises of our Mission, Vision and the 3 basic core values known as The EDS Model.

The Excellence, Dedication, Safety Model (EDS Model)

To become a benchmark in the field of education for students who seek academic excellence.

We nurture students for success with utmost dedication, with nothing but the very best academic resources

Core Value 1

EXCELLENCE

WHSS is the custodian of your future and your future doesn't deserve anything but excellence. With Guinness World Records and Distinctions in the CAIEs along with plethora of accolades and inter-school championships, WHSS strives for excellence to provide more opportunities for a better future for our students.

Excellence in Academics:

WHSS not only selects experienced teachers with proven track record but nurtures them and encourages them to expand their skills so that our students end up at the top of the merit list at all time. With separate tutors for different streams and a "no tuition" environment, WHSS makes academic excellence a reality for its students. We strongly believe that academic success can be attained by careful evaluation of progress of the students and through different approaches to learning. The academic plan is designed in such a way that students go through all the Learning Objectives as laid down by CAIEs without becoming burdensome

**Excellence in sports:**

WHSS has in-house futsal and a basketball ground along with badminton and table tennis facilities. But facilities does not lead to excellence. Coaches do. WHSS with its acclaimed coaches from the national sporting setup lives up to its commitment of making students excel in athletics and sports.

**Excellence in Life Skills:**

Success for tomorrow doesn't revolve around academics but the different skills such as time & team management, public speaking, IT literacy. WHSS curates programs to provide you the edge over other for tomorrow's challenges.

Core Value 2

DEDICATION

Dedication at WHSS is defined as a collection of traits and virtues which allows our teachers and staff to think and act in the best way possible for our students and parents. We believe, that only hard work and efficiency are not the bedrock of dedication but the ability to think of creative solutions and integrity in everything we do, will help us achieve success.

Integrity

WHSS strongly believes that intentions should dictate the success and failure of outcomes. The means are always important. This can be evident in the counselling provided to our students, on setting realistic goals, and ensuring all efforts are coupled with transparency and 100% honesty.

Creativity

Effort at WHSS is also invested in creating unique solutions for unique problems and challenges. This means that our teachers and staff go the extra mile to cater for your unique requirements of students. Stewardship for all: this is dedication in its truest form!

Hard work

Every member of WHSS puts in their 100% to ensure that the students and parents are will taken care off and solutions are provided real-time. We take a lot of effort in planning for the most optimal outcome and ensurethat we have the tools to analyze where our efforts are being invested.

Core Value 3

SAFETY

A safe environment is a growing environment. Schools are a cradle of learning, only when the children, the teachers, the staff and most of all the parents feel safe within the confines of the school. Over the last decade, the challenges to safety of the students have emerged in various forms and WHSS is continuously evolving to meet those challenges.

Safety in time of a Pandemic

WHSS was one of the first schools in Karachi to implement the SOPs prescribed by the Government of Sindh and ensured 100% Vaccinated staff before the opening of the face to face classes in August 2021. Weekly sterilization of all classes and a functioning sterilization gate was one of the reasons the school was able to convince parents to send their children to school after subsequent waves of Covid-19.

Safe Space at the Campus

There is absolutely no tolerance for violence at WHSS. Violation of this principle may result in suspension and even expulsion for the perpetrator. WHSS believes everyone has this personal space which cannot not be violated hence verbal abuse, bullying, taunts are also not tolerated and condemned. The choice of words and action lie with the perpetrator and any kind of stimulus is no excuse for violent behavior. Playful banter which revolves around maligning and insulting anyone or any institution is also strictly prohibited. No derogatory remarks on anyone's religion, values systems and beliefs are tolerated at WHSS. WHSS encourages that actions and activities are critiqued and not the person doing so unless it poses a threat to the overall society.

Safety Online

The world is quickly becoming connected online but that brings with it self challenges on privacy and use of data. WHSS has a very strict code of conduct with regards to information being shared online. Mobile phones are not allowed in the campus. WHSS respects the rights of all its stakeholders when it comes to online activities but takes a very firm view on how its social media outlets and websites should be used.

Safe Citizens

Safety in all forms is at the forefront of our values at WHSS. Hence, WHSS demands of its students to be model citizens and ensure that their actions, implicit or explicit, do not harm anyone or their surrounding. Any kind of indulgence in a banned or toxic substance is strictly prohibited and may result in harsh repercussions for the perpetrators. WHSS inculcates values in its students which enables them to be modern citizens and lead by example in their environment.
