

ADMISSIONS AT WHSS:

Please Note: Admission in WHSS is strictly subject to the availability of space. Vacancies are very limited and vary from year to year.

Admission Process: The admissions process at Wahaj Hussain's School System has been simplified for your ease and convenience, the entire process comprises five simple step:

1. REGISTRATION:

Registration forms are available online on the website.

2. APTITUDE TEST The tests are not set from any particular text book but are devised to test the aptitude of applicant. These tests are of general nature.

- A written assessment will be conducted to test the suitability of skills expected at a particular age/class level in English, Mathematics, Urdu & Cognitive Subjects.
- Applicant must bring his/her own stationery for the test.
- The assessment will be constructed on close ended questions where students will be evaluated on the ability to select or produce simple responses that can be directly compared with a single correct answers.
- Open ended questions may also be included where they will be evaluated for their critical thinking skills and the real-life application of their learnt concepts.
- 50% marks are expected for eligibility of the admission
- The duration of the test will be 60 minutes.

3. DOCUMENTATION REQUIRED:

After clearing the admission test, students will be called for an interview along with the Admission form provided after the admission test and following documents:

1. Original & Photocopy of Birth Certificate.
2. Original & Photocopy of Form 'B'.
3. Three recent passport-sized photographs.
4. Photocopies of CNICs of both parents.
5. Photocopy of last progress report
6. Original & Photocopy School Leaving Certificate
7. Family photograph and photocopy of immunization/vaccination record for Pre/Nursery to grade II.

4. INTERVIEW:

Prior to admission, an interview is conducted between members of the admissions department and the parents along with the student in order to build a strong foundation for a long and healthy relationship.

Our admission interviews are a two way process. We believe them to be a chance for us to get to know you and your child better as well as, providing you a chance to ask us any questions regarding our curriculum, approach to education or culture.

The interview stage helps us to gain an insight into your child's personality while both parents and students may determine whether our school is the right decision for them.

Please expect to spend approximately 30 minutes on campus. The interview should not last more than 15 minutes.

5. WAIT FOR THE EMAIL FROM ADMISSION DEPARTMENT

After the interview, we will notify you of a decision within one week. Online Registration Form opens up directly

FAQS 1. Why should I choose WHSS?

You can choose WAHAJ HUSSAIN'S school system for following reasons:

1. A tuition-less teaching environment (single fee double advantage)
2. No tuition means more time for social life,
3. Specialists teachers under one roof
4. Personality grooming through activities.
5. Career guidance with solution
6. Special care for under-performing students.
7. Near-exams FREE workshops

2. How to apply in WHSS?

Students can apply both through online and by paying a visit to the respective campus for admission. Our admission counselor can properly guide you if you have any issue regarding subject selection and our process of admission.

3. What is the right time to apply in WHSS?

Admissions are offered here in January. In case we have seats we too offer admission after CIE results.

4. Do you provide workbooks/notes/books from your school? It is commonly believe that tuition teachers are more effective because they teach through different methods provide their well processed notes cover majority of past papers emphasize the concept building part with different presentations and illustrations. Here at WHSS we provide all these facilities supplemented by double classes unlike tuitions and extra classes and workshops.

5. What are the criteria for admission? Before CIE results we give unconditional admission on the basis of getting through our internal aptitude test and interview. After CIE results, admissions are offered on the basis of CIE results and interview.

6. What do you mean single fees double advantage?

It means that student can attain high standard education without taking tuitions in a single fee, which means students would be free in his evening for his other activities other than wasting time in tuitions. It is one of the biggest strength behind the success of WAHAJ HUSSAIN'S School System. We believe that if a student is studying in any school and that school provides quality education, then there must be no need to take tuitions. One must think thoroughly before

selecting a school/college because quality of educational standards defines either one should take tuition or not. We are proud that in WAHAJ HUSSAIN`S we understand the academic needs of students to achieve better grades and we have successfully provided them a standard which helped them to excel without taking tuitions. We are strict in our educational standards and policies which have helped us to establish ourselves as a credible name for pursuing an enviable future.

7. Do you conduct PTM on regular basis?

We don't have traditional process of PTM like any other school but we encourage parents to visit the campus anytime to discuss the progress of their son or daughter, So that every issue can be solved without delay. In order to address the issues of the students pertaining to their academics or otherwise we call up the parents and even invite them for a meeting with the academics heads and concern teachers. Through this process issues can be preempted and can be solved with in time unlike the traditional PTM.

8. Every school claims that they do not allow tuitions, how do we believe your claim of not tuition-free environment?

The definition of a good school is that it should create an environment where students can feel comfortable with all the subject teachers for their CIE preparation but it doesn't happen anywhere as different reasons are cited for tuition need.

The rush of students at tuition centers depicts the dilemma being faced by parents and students. Since the parents can't afford a bad grade in any subject, hence they have no options and send them to the best teachers at tuition.

Reasons can be frequent switching of teachers, less emphasis on past papers, more interest of teachers at tuition rather than at schools, less salary at school, inept curriculum planning of final year students of O levels by not revising of syllabi from scratch, lack of resolution of personal queries because of part time teachers culture at majority of teachers at A levels colleges, more emphasis on syllabi completion rather than proper examination preparation and so on so forth.

We at WHSS not only prohibit it but actually create such an environment where students own need of tuitions hardly arise. It looks very simple, but it is not. We have done a comprehensive research before launching this system and tried to know the reasons for compelling the students towards and we address most of the issues simultaneously. These resources include: extra help and support from the respective teachers and learning support from formal tutorial sessions accessible throughout the week. Since we have started this system on this very premise, our result has borne the testimony that the mere planning with self-sufficient mindset can work wonders in this regard by keeping the teachers on board and students being the beneficiary.
